FAMILY EXPECTATIONS

We are so pleased your family is able to participate in the Reading Together program. The library staff, reading mentor, you, and your student will work together to boost your child’s reading skills and joy in reading.

Our expectations for the family:

• Arrive on time.
• Regular attendance is an important part of this program. Call the library if your child will be absent so the reading mentor can be notified.
• Stay in the library while your child is being mentored, but not at the same table as your child and the reading mentor.
• The student's time during the hour will be spent on reading and reading activities—not homework.
• Greet your child's reading mentor before and after the session and inform them of anything that may affect their session. (For example, the child didn’t sleep well the night before or the child has just recovered from an illness.)
• Help your child understand that it is important to be respectful of the volunteer and the rules of the library.
• Call the Reading Together Coordinator (651-266-7437) with questions or concerns.

FIRST CHILD

Your child will meet with at the Library on Call if your child will be absent.

name mentor location day of week time phone

SECOND CHILD

Your child will meet with at the Library on Call if your child will be absent.

name mentor location day of week time phone
