

ELF FIGHTER 2

"I apologize for cutting off your fascinating diatribe with my blade in your belly. Small talk was never my strong suit."

You have spent decades studying the art of combat, refining your skills with relentless vigor. Cunning and patient, your mind plays out each attack and counter before you strike for maximum effect. Though your magical repertoire is extremely limited, the spells you have chosen enhance your already prodigious ability.

BACKGROUND (SAGE)

You are a serious student of all forms of combat. Despite your studious nature, you are aware that there are limits to practice and simulation. It is time to conduct some real-world application of your deadly art. Adventuring companions are usually the type who will need a steady hand and quick wits to bail them out, often. Thankfully, you have both to spare.

Researcher. If you do not know a piece of information, you usually know where and from whom that knowledge can be obtained.

Faction. You are a member of the Lord's Alliance, a group of allied political powers concerned with mutual security and prosperity.

Personality Trait. You use polysyllabic words that convey the impression of great erudition.

Ideal. The path to power and self-improvement is through knowledge.

Bond. Your life's work is the *Tome of Battle*, a treatise related to your theories on combat.

Flaw. You speak without really thinking through your words, invariably insulting others.
