HUMAN

BARBARIAN 10

“The wild is in my blood.”

Hailing from the northern lands, you are a stranger to civilization. Yet you travel wherever need guides you, fighting those who would despoil the wilderness. You have faced encroaching evil from monsters to greedy humans. You take what you need, and feed the ground with the blood of such enemies.

BACKGROUND (OUTLANDER)

You grew up among tribal nomads, far from civilization and its comforts. You’ve hunted great herds, survived extreme weather, raided the trade of softer folk, and protected places sacred to your people. At times, you’ve enjoyed the solitude of being the only sentient creature for miles in any direction. Even in places where the terrain is new, you know the ways of the wild.

Wanderer. As a former barbarian nomad and raider, you have an excellent memory for maps and geography, and you can always recall the general layout of terrain, settlements, and other features around you. In addition, you can find food and fresh water for yourself and up to five other people each day, provided that the land offers enough.

Faction. You are a member of the Emerald Enclave, wilderness survivalists who preserve the natural order while rooting out unnatural threats.

Personality Trait. You place no stock in refined manners or wealth.

Ideal. Life is constant change, and you must change with it to survive.

Bond. You take the despoiling of the wilderness and sacred sites as a personal insult.

Flaw. There’s no room for caution in a life lived to the fullest.

RAGE (RECHARGES AFTER YOU FINISH A LONG REST)

Four times, you can enter a rage as a bonus action. While raging, the following parameters apply:

• You have advantage on Strength checks and Strength saving throws.
• When you make a melee weapon attack using Strength, you gain a +3 bonus to the damage roll.
• You have resistance to bludgeoning, piercing, and slashing damage.
• You can’t be frightened or charmed. If you are already frightened or charmed, you ignore those conditions while you rage.
• You can make a single melee weapon attack as a bonus action. If you do so, when your rage ends, you suffer one level of exhaustion.

FERAL INSTINCT. You have advantage on initiative rolls. Additionally, if you are surprised at the beginning of combat and aren’t incapacitated, you can act normally on your first turn if you enter your rage before doing anything else on that turn.

INTIMIDATING PRESENCE. You can use your action to frighten someone with your menacing presence. When you do so, choose one creature that you can see within 30 feet of you. If the creature can see or hear you, it must succeed on a DC 12 Wisdom saving throw or be frightened of you until the end of your next turn. On subsequent turns, you can use your action to extend the duration of this effect on the frightened creature until the end of your next turn. This effect ends if the creature ends its turn out of line of sight or more than 60 feet away from you. If the creature succeeds on its saving throw, you can’t use this feature on that creature again for 24 hours.
