### TIEFLING WARLOCK 10

"You want to wield power like mine? You want to taste the fire? The price is high, but the flames are sweet."

You made pact with a fiendish entity years ago. They promised you unstoppable power born in the pits of the Nine Hells in exchange for your servitude and obeisance.

#### BACKGROUND (HERMIT)

Your path to power was not always so clear. You spent a great deal of time in seclusion, ruminating over whether or not it was worth it to continue, or to abandon your efforts and default on your debt.

**Discovery.** The quiet seclusion of your extended hermitage gave you access to a unique and powerful discovery. Work with your DM to determine the details of your discovery and its impact on the campaign.

**Faction.** You are a member of the Zhentarim, an unscrupulous organization that seeks to gather economic and political control through both legitimate and shady means.

**Personality Trait.** You connect everything that happens to you to a grand, cosmic plan.

**Ideal.** Emotions must not cloud our sense of what is right and true, or our logical thinking.

**Bond.** Should your discovery come to light, it could bring ruin to the world.

**Flaw.** You would risk too much to uncover a lost bit of knowledge.

#### TIEFLING FEATURES

**Darkvision.** You can see in dim light within 60 feet of you as if it were bright light, and in darkness as if it were dim light. You can’t discern color in darkness, only shades of gray.

#### WARLOCK FEATURES

**Spellcasting Ability.** You have the ability to cast warlock spells. Charisma is your spellcasting ability for your warlock spells. You use your Charisma whenever you use your warlock spells.

To cast a spell, you must expend a slot of the spell’s level or higher. You regain all expended spell slots when you finish a short or long rest.

**Otherworldly Patron: The Fiend**

**Dark One’s Blessing.** When you reduce a hostile creature to 0 hit points, you gain 15 temporary hit points.

**Dark One’s Own Luck.** You can call on your patron to alter fate in your favor. When you make an ability check or a saving throw, you can use this feature to add a d10 to your roll. You can do so after seeing the initial roll but before any of the roll’s effects occur.

Once you use this feature, you can’t use it again until you finish a short or long rest.

**Fiendish Resilience.** You can choose one damage type when you finish a short or long rest. You gain resistance to that damage type until you choose a different one with this feature. Damage from magical weapons or silver weapons ignores this resistance.
