Library Go is Saint Paul Public Library's virtual library card for students. All students in Saint Paul Public Schools, and in many charter and private schools, automatically get a library card when they enroll in school. It's easy to use and impossible to lose.

With Library Go, students can check out up to ten physical items. Online, they can get homework help from a tutor, find primary resources using our databases, find a book to read, or download an audiobook

We are a fine free library, and with Library Go, there is no financial risk to families.

By The Numbers

76,128
Physical items were checked out with a Library Go card

108,789
E-books were checked out with a Libray Go card

14,576
Students checked out books and other items with a Library Go card

What We Heard....

I've seen children's faces go from frowns to lighting up when they realize they can check something out just because they are a student at Saint Paul Public Schools.
—Saint Paul Public Library employee

You mean I can check-out library stuff with just my lunch number? That's cool!
—Saint Paul student

At the end of 2023 we had almost 7,000 more students enrolled in the LibraryGo program than at the beginning of the year
—Donicia Soliz, Library Go lead

- Over 92,000 Library Go cards created as of December 2023

- Enrolled two new charters, School of Excellence and Quantum Steam Academy, in 2023
