

Library Go is Saint Paul Public Library's virtual library card for students. All students in Saint Paul Public Schools, and in many charter and private schools, automatically get a library card when they enroll in school. It's easy to use and impossible to lose.

## By The Numbers

**64,546**

Physical books  
checked out with a  
Library Go card

**119,607**

↑ 11,000  
from 2023

E-books were checked  
out with a Library Go  
card

**101,804**

↑ 7,000  
from 2023

Total number of  
students with a  
Library Go card

**12,465**

Students checked  
out non-book items  
like audiobooks or  
accessing databases

With Library Go, students can do anything they would be able to do with a normal library card. That includes checking out physical books, receiving online help from a tutor, finding resources using SPPL's databases, downloading audiobooks, and accessing even more library services. SPPL is a fine free library, and with Library Go, there is no financial risk to families.

## Spotlight

A student came in to check out books for a project. He had the Library Go promotional card in his wallet. A staff member said, "I could tell it was well loved as it was a bit tattered." The student explained that he held on to it ever since he got it because he knew he could access library materials and resources with it. Now that he's out of high school, the student signed up for a regular library card to continue his library use.
