

Homework Center and Reading Together are two of the many ways that Saint Paul Public Library supports students in their academic journey. Homework Centers provide a comfortable safe space for students of all ages to get help from trained tutors to complete homework assignments. Reading Together provides positive, consistent mentoring relationships in a safe learning environment for students to practice reading, connect with books they love, and improve literacy skills.

Hours that students and volunteers engaged in reading and literacy activities

Highlights

- Introduced new tools in Homework Centers that are proven to help kids focus better such as weighted blankets, noise-cancelling headphones, and chair bands.
- A homework center volunteer's favorite moment was when a student finally grasped an algebra concept and said, "My teacher never explained it as clearly as you did."
- Opened a seventh Reading Together location at Highland Park Library to expand the reach of student support in Saint Paul neighborhoods.

" I love Homework Centers and Reading Together because... "

"It helps me focus and feel secure in my work!" - Homework Center participant

"It helped me prepare for a test for work." - Homework Center participant

"I am thankful that they not only help with grade school, but also help with college-level." - Parent of Homework Center participant

"I felt especially proud of my mentee when she got the word 'though' correct and kept saying correctly through the book. It was a big accomplishment for her." - Reading Together Mentor
